TED SCHWINDEN, GOVERNOR

ROOM 255, MITCHELL BUILDING

STATE OF MONTANA

(406) 449-3092

HELENA, MONTANA 59620

TO: All State Agencies

FROM: Accounting Division
Department of Administration

DATE: January 20, 1984

The accompanying financial schedules were prepared from the Statewide Budgeting and Accounting System. In the past, these schedules have been included in the State's Annual Financial Report. Beginning with Fiscal Year 1983, the State's Comprehensive Annual Financial Report is prepared in accordance with generally accepted accounting principles and issued under a separate cover.

Financial Statements by Accounting Entity begin on page 1. The statements are presented in three parts:

Balance Sheet - This statement displays the total of an entity's assets, liabilities and the resultant fund balance as of June 30, 1983.

Statement of Operations - As a general rule, it is not meaningful to express the outcome of governmental operations in terms of a profit or loss. There is a need, however, for a presentation which concerns itself with the magnitude of governmental operations. This is the objective of the Statement of Operations.

Statement of Changes in Fund Balance - Again, government is not necessarily concerned with the size of its equity, expressed in terms of a fund balance, as long as a condition of solvency exists. As a hedge against financial uncertainties, it is desirable to operate with a reasonable fund balance from year to year to assure an uninterrupted flow of crucial governmental operations.

Accounting entities administered by the Vo-Tech Centers are not included in this schedule.

The Detailed Statement of Receipts by Accounting Entity starts on page 155. Operating receipts identify collections available to finance the cost of governmental operations. This schedule also excludes Vo-Tech Center accounting entities.

The Program Cost Analysis by agency and fund starts on page 276. Programs group activities that are directed to the attainment of specific purposes or objectives. A summation of all program costs for a

particular agency can be found after the last program for an agency under the caption of "All Programs". Some costs have not been restricted to a program. Those costs without a program will appear as the first costs of an agency under the caption of "No Program Indicated". The "No Program Indicated" amounts are included in the "All Programs" total. This schedule does not include Vo-Tech center's programs.

The Statement of Appropriations by Agency and Fund is presented beginning on page 366. This statement lists each appropriation assigned to an agency to carry on its programs. The amounts presented by appropriation number are the amount authorized, amount disbursed or accrued and the remaining appropriation balance. Legislative appropriations to the Vo-Tech Centers are shown under the Office of Public Instruction.
